

# Creating Silverlight Web Animations with MS Expression Blend

## **Presenter: Dr. Adrian Heinz**

Dr. Heinz is an assistant professor of information technology at Georgia Gwinnett College. He holds a systems engineering degree from Catholic University of Cordoba, Argentina and masters of science and doctor of education degrees with a major in computer science from Ball State University. Heinz's primary interests include programming in C#, Visual Basic .Net, Java and web development using HTML, JavaScript, ASP and Adobe Flash. Part of his research work in the first two areas has led to the publication of several papers and presentations in national and international conferences including Boca Raton and Orlando (Florida); Vienna (Austria); Hanoi and Ho Chi Minh City (Vietnam) as well as Tamil Nadu (India). In addition, he has over five years of experience working in the receivables management industry writing custom database applications for financial institutions. Heinz is also an avid learner of languages. He is fluent in English and Spanish, possesses an intermediary level of French, as well as elementary Japanese.
